

A Global Voice for  
Safety Professionals

# International Society of Safety Professionals

The ISSP is a US-Registered Nonprofit Organization  
10600 S. Pennsylvania Avenue, Suite 16-553 – Oklahoma City – Oklahoma - 73170

## Certified Registered Safety Professional “CRSP” Information Paper

The Certified Registered Safety Professional, referred to as the “CRSP,” is an official ISSP certification offered to safety professionals of all industries and communities of practice.

### CRSP Requirements:

- Be a current ISSP member
- Provide documentation (electronic copies) of applicable education
- Provide documentation (electronic copies) of applicable experience
- Pay a \$495.00 fee for the four (4) exams (study guides included free of charge)
- Pass the CRSP on-line examinations within 120 days

### Benefits of the CRSP:

- You will receive a CRSP certificate signed by the ISSP Board of Certifying Officials
- You will receive a CRSP glass desk plaque
- You will receive a CRSP lapel pin
- Your name and CRSP designation will be displayed on the ISSP web site
- You will possess an enhanced Safety Professional credential backed by an international organization

**CRSP Endorsements** – As your safety career progresses, you will have the option of adding CRSP Endorsements (certifications) in specific safety specialty areas. We will soon be offering CRSP Endorsements in many areas, check back often for updates.

**Important Note** – When you submit your documentation (electronic copies) on the ISSP website (under the CRSP tab), include a cover sheet with a brief explanation of what you’re submitting, the contact information and web site of the training organization(s), and the name, official title, address, e-mail, and phone number of the management official who can attest to you completing the competencies.

For questions or additional information, please check the ISSP website or e-mail us.
